Mercy Health will commemorate NAIDOC Week (7–14 July) at various locations to celebrate and acknowledge Aboriginal and Torres Strait Islander people in the Mercy Health community.

This year’s theme is ‘Voice. Treaty. Truth.’

The Indigenous voice of this country is over 65,000 years old. These are languages that have passed down lore, culture and knowledge for over a millennia and they are precious to our nation.

Please join us in celebrating NAIDOC Week at Mercy Hospital for Women Heidelberg
